Maps of Russia by Kantynent IT

Kantynent is a spatial data manufacturer located in Minsk, Belarus. We shipped our first product in 2006 and we have been increasing its quality and detail to meet present day demand ever since. Currently a full dataset of socio-economic indicators for every 6-digit postal code in Russia is available for immediate delivery.

Each of the products is priced 4,900€. By purchasing multiple products and detail level (including administrative division) you may be eligible to up to 28% total discount. You can calculate the price with discount at kantynent.com/russia.
